

# Nice Title for Paper \*

Nice Author<sup>†</sup>  
Cool People University

This Version: January 28, 2020

LATEST VERSION

## 1 Introduction

This is the first paragraph of a random paper. I'm testing citations as in (Rodrik and Subramanian, 2004; Sivasubramonian, 2004; Hsieh and Klenow, 2009; Broadberry and Gupta, 2010; Eichengreen and Gupta, 2011; Verma, 2012; Ziebarth, 2013; García-Santana and Pijoan-Mas, 2014). Acemoglu and Guerrieri (2008); Alonso-Carrera and Raurich (2018); Świącki (2017).

Now I test equations:

$$\frac{x}{1-x} = \int_0^1 \log(x-1) dx$$

This seems to be working just fine.

Testing environment snippets:

$$\pi_{dni}(j) = \frac{\int_0^1 p_{dni}(j) c_{dni}(j) dj}{\sum_{k \in N} \int_0^1 p_{dnk}(j) c_{dnk}(j) dj} \quad (\text{Trade Share})$$

If we make a reference to the equation... (Trade Share).

---

\*Thank people for stuff
